EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee. Authorization for this examiner's amendment was given in a telephone interview with Mark Wolfe on May 17, 2007.

The application has been amended as follows:

The claims have been amended as follows:

On the Amendment dated August 28, 2006,

cancel: claims 28-44 on pages 2-7 first paragraph.

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach the combinations of limitations in the independent claims 54-56, 98-99 especially, where the operation of monitoring activity of the web

Art Unit: 2163

browser application associated with the plurality of web pages is carried out by a user activity monitoring program that automatically monitors activity of the web browser application that is executing on the computer and is controlled by the user, where the user activity monitoring program is in a separate code module that executes on the computer and that provides functionality not provided by the web browser application in the independent claims.

Dependent claims 57-97 incorporate the listed limitations by reference and contain limitations that further distinguish over the art of record. For these reasons, claims 57-97 are considered allowable over the art of record.
